MURRAWAH JOHNSON: Wangan and Jagalingou traditional owner and campaigner

DREW HUTTON: Campaigner, academic, current president of Lock the Gate Alliance

**Sat 16 April 2pm Kurilpa Hall
174 Boundary St, West End**

We are engaged in a battle for the future of the planet. The need to de-carbonise our economy is urgent. But there are massive vested interests determined to pursue the neo-liberal project of extraction of fossil fuels at any cost. Is building an economy based on renewable energy and green jobs feasible? What will it take to face-down the powerful forces of "business as usual" and is there potential to re-shape our economy fundamentally in the process?
